How to use it *

1. Print the pages on A4 or Letter: the list for your country, then the counter.
2. In the list, look at the red days. Taking those days off joins a holiday to a weekend, or two holidays to each other.
3. Tick Booked when you have asked for the days. On the counter, write the days of leave you have a year.
4. Colour a box for each day of leave you take, and write the blocks of time off in the list at the bottom.

Print tips

- A4 and Letter pages are both in this file; print the one your printer takes.
- Prints fine in black and white. 100% scale, no fit-to-page.
- Works in GoodNotes and Notability too: import the PDF and write on it.
