How to use it ✳

1. Print the pages at Actual size / 100%, on one side only.
2. Cut pictures and words from magazines, or draw and write your own.
3. Glue each one into the part of life it belongs to.
4. Fill the bingo card with 24 things you want from 2027 and cross them off as they happen.

Print tips

- A4 and Letter pages are both in this file; print the one your printer takes.
- Prints fine in black and white. 100% scale, no fit-to-page.
- Works in GoodNotes and Notability too: import the PDF and write on it.
