How to use it

1. Print the two pages on A4 or Letter. There is no year on them, so they last for years.
2. Write each person's day in the small box on the left of a line and their name on the line.
3. Tick the party hat for a birthday and the heart for an anniversary.
4. Hang the pages where you pass them. Every new year, copy them or keep them as they are.

Print tips

- A4 and Letter pages are both in this file; print the one your printer takes.
- Prints fine in black and white. 100% scale, no fit-to-page.
- Works in GoodNotes and Notability too: import the PDF and write on it.
