How to use it ✳

1. Print the list on A4 or Letter. The full list has 25 ideas; the empty one is for your own.
2. Hang it where everyone sees it: the fridge, a door, a frame.
3. Tick a box each time you do something. In a frame, a dry-erase pen works on the glass.
4. On December 31, look back at what you ticked.

Print tips

- A4 and Letter pages are both in this file; print the one your printer takes.
- Prints fine in black and white. 100% scale, no fit-to-page.
- Works in GoodNotes and Notability too: import the PDF and write on it.
