How to use it

1. Print the page that matches your week: Monday start or Sunday start.
2. Write the week's dates in the red circle.
3. Each day, write what you spent and the amount. Any currency works.
4. At the end of the week add it up and see where your money went.

Print tips

- A4 and Letter pages are both in this file; print the one your printer takes.
- Prints fine in black and white. 100% scale, no fit-to-page.
- Works in GoodNotes and Notability too: import the PDF and write on it.
